Cottage Grove Wins Promotional Video Contest on Cities Matter Web Site.

Cottage Grove was recently chosen as the featured city on Cities Matter, a website put out by the League of Minnesota Cities that asks the question. "What city services will you use today?"

The web site focuses on helping Minnesotans learn more about the city services their taxes pay for, how to help kids understand what cities do, and ways you can get involved to make your community a better place.

Cottage Grove entered a community video in the promotional video contest that was designed to highlight our quality of life and attract potential businesses to our great City.

Selected by the site for its professional content and promotional message, the video shows available Business Park and retail space, discusses our proximity to Highway 61, tours our parks and green spaces and reflects the ease of life one finds when they work, play and or live here.

To view the Cities Matter site please go to <http://www.citiesmatter.org/>.
