PARKS AND RECREATION DEPARTMENT

The Parks and Recreation Department has the primary responsibility of providing for the recreational needs of Cottage Grove residents. This mission is accomplished by splitting its work tasks into two distinct functions: parks and recreation. The parks function is concerned with the orderly development and maintenance of the City's park system. The recreation function is concerned with providing a wide range of opportunities to residents of all ages and abilities.

These functions are monitored by a seven member Parks, Recreation and Natural Resources Commission. This Commission serves in an advisory role to the City Council and is responsible for conveying the attitudes and concerns of Cottage Grove residents relative to the City's parks and recreation programs and facilities. Programs and facilities are made possible through cooperative efforts with park maintenance, Cottage Grove Athletic Association, District 833 Community Education Department, and other community service organizations.

The Recreation Department provides a wide range of program offerings for both youth and adults including: adult leagues, supervised summer playground activities, indoor and outdoor skating programs, teen activities, and a variety of trips, tours, and special events. The Department also offers lesson programs in swimming, golf, tennis and skating.

USE OF CITY FACILITIES

There are a number of recreational facilities available for use by individuals, clubs, and organizations for little or no fee. Some of these facilities include picnic shelters, park buildings, ball fields, and the outdoor municipal pool. Reservation applications for facility use are available at the Recreation Office located in the Ice Arena.

OUTDOOR MUNICIPAL POOL

The City owns and operates an outdoor pool. This facility is open June through August each year and provides for recreational swimming and lessons for residents of all ages. This facility is also available for evening and weekend rental.

RIVER OAKS GOLF COURSE

The four star 18 hole municipal golf course and driving range is located on Highway 61 approximately one mile south of Innovation Road. It is open seven days a week for group lessons, private lessons, tournaments and league play. Patron cards are available at the clubhouse.
